**We need your input** - our family movie nights are proving to be very popular. We have tried to stay with G rated movies, but would like to know what you would think about showing PG movies for these events. Please let a WPAC member know what you think.

Thank you!!

### Classroom Proximas

Our fundraisers have been very successful this year - thank you for all of your help!

One of the things we have approved with these funds is the purchase of proximas for four classrooms - this means that every classroom, including the computer lab, will have this wonderful tool for teachers and students.

### Updates and more....

The Box Tops challenges have been a hit this year!! To date approximately \$1,000 has been raised - thanks for all of your help!
